Subject: Support our local economy

I want to make sure the river cleanup is good for the environment and jobs.

The EPA proposal I've heard about may be good for the river and the fish. But I am not so sure it will be good for people, the people who depend on the river for their paychecks and to put food on the table. Please consider a cleanup that's good for the earth and our jobs.

Please support the harbor jobs that are good for our community and our economy.

Sincerely,
